Lafayette — Orinda, California — Friday, January 5, 1951

TEN CENTS

Hall Named 'Man of the Year'

Committee Cites Bonds and Clough For Year's Work

Dr. Ralph C. Hall—scientist, outdoorsman, scout leader, community leader—has been chosen "Orinda's Man of the Year."

"In our opinion Dr. Hall and his activities represent the most well-rounded gift to the betterment of the community, and we feel he has contributed most to Orinda's progress during 1950," declared the Orinda Man of the Year Committee. This is the first such appointment, sponsored by the Orinda SUN.

The committee listed Marvin T. Bonds, president of the Orinda Association, in second place, and F. S. ("Bob") Clough, chairman of the Orinda Association's Civic Affairs Committee, in third place.

Others who received honorable mention by the committee were Bill Worden, for his efforts to get a bus commuters' shelter at the Crossroads; Bill Koch, Orinda Fire Department inspector, for "always being willing to lend a helping hand, especially with children;" Edgar Stewart, president of the Orinda School Board; William Penn Mott, Jr., active in Community Church work and as Oakland Park Department superintendent, creator of Children's Fairyland in Lakeside Park, and Al Eberlin of Orinda Motors, who keeps "open shop" for boys to work on their autos.

The committee consisted of Mrs. Helen Vurek, chairman; Mrs. Roberta Spiegel and Rev. Fred Morrow.

"It's a very great surprise to me," Dr. Hall said, when informed of the committee's action. "I'm also amazed. I feel it's quite a high honor. I can't conceive of anything that would perhaps mean more."

Dr. C. H. Kohler Dies; Rites Held

Dr. C. H. Kohler, retired Minneapolis physician, who lived at 18 Irving Lane, died Sunday.

He is survived by his wife, Bertha S. Kohler; two sons, Carlton H. and Berton S.; a daughter, Marjorie (Mrs. R. W. Tess); three sisters, Mrs. John Boylan of Watertown, Minn., Mrs. Max Kupitz and Mrs. A. W. Lucas of Bismarck, N. D.; a brother, W. D. Kohler of Evansville, Ind.; three grandchildren, Therese Ann Kohler, Roxanne and Steven Tess, and 21 nieces and nephews.

Private services were held Wednesday morning at Moraga Valley Chapel in Lafayette.

Cubs of Pack 32 To See Movie on Ski Instruction

A special movie on skiing instruction will be a feature of tonight's meeting of Orinda Cub Pack 32 at Orinda School. Cubs who are looking forward to snow trips within the next few months will pick up many pointers from this excellent training film.

The picture was produced by the Ford Motor Company and was made available for showing by Frank De Wolf, assistant cubmaster of Pack 32 and an engineer with the company.

Two boys, Don March and Michael Downs, will receive their Webelos rank at this session, signifying their graduation into scouting. Robert Abe, Gail Dishong and Edward Lee will receive their Bobcat pins cubbing ranks.

Since study of animals, a part of the national cub program for January, is to be on the agenda of the local group, Cubmaster Rudy Rasmussen has suggested the cubs visit zoos and work on their achievement specializing in the care of animals for their awards.

Pack Members, their parents and guests, are urged to attend the meeting, which will start at 7:30 tonight.

Don Bradley Returns To College in L.A.

Don Bradley, son of Mr. and Mrs. Theodore F. Bradley of 50 La Cuesta, returned to Arts Center College in Los Angeles after vacationing at home over the holidays. He and a classmate, John Howard of Boston, who was a house guest at the Bradleys during the vacation, entertained 34 of their friends last Saturday night.

ORINDA'S MAN OF THE YEAR, Dr. Ralph C. Hall, is a man of many interests, and one of his main interests is scouting. A pioneer in development of the Boy Scout organization in the community, he is now district commissioner in charge of senior scouting and advisor for Explorer Post 300. He is shown here talking things over with Jim Jacobus, one of "his boys" in the post, at the Jacobus home. Jim recently received scouting's highest award, that of Eagle Scout. — SUN photo by Mattson

Dr. Ralph C. Hall, Orinda's Man of the Year, Is Man of the Great Outdoors

If the great and varied outdoors can be described as a "career," Dr. Ralph C. Hall, who has just been named Orinda's Man of the Year, could be called that kind of "career man."

Since his childhood days on his parents' farm he has loved the outdoors and the studies connected with it, and he has chafed at the restrictions of office or indoor work. Perhaps that helps explain his keen interest in the Boy Scout movement, in which he was a pioneer in Orinda.

Perhaps, too, his deep affinity for nature is a factor in his activity as a trustee of Orinda Community Church.

And maybe that's why he's so concerned about proper educational facilities for youth, as a member of the Acalanes High School District Board.

No need to speculate with "perhaps" and "maybe," though. The genial, hearty, 51-year-old scientist and outdoorsman can supply the answers himself.

BORN ON FARM

"I was born on a farm at Ellenville, N. Y., on May 7, 1899," Dr. Hall said. "My parents were James and Anna Hall. My father was a farmer. I lived on the farm until I was about 18."

After grammar school at Greenville, N. Y., and high school at Ellenville and Monroe, N. Y., young Ralph Hall served in the U. S. Navy for the latter part of World War I. He had enlisted in the Navy even before his graduation from the Monroe high school in 1918.

IN NAVY

He spent 14 months in the Navy, and during the wartime portion of his service he was on convoy duty aboard the cruiser U.S.S. Huntington. "The closest we came to real action was picking up survivors from a torpedoed transport," he recalled.

After his Navy service, he worked as a voucher accountant for the Erie Railroad in New York City for about two years.

Grinning, Dr. Hall said: "I decided, after two years in an office, that I was more interested in outdoor work."

FORESTRY COLLEGE

So he went to the New York State College of Forestry at Syracuse, where he graduated in 1925 with a B.S. degree. He worked his way almost entirely through college, keeping a 5 p.m.-to-midnight shift as a restaurant night cashier and attending classes from 8 a.m. to 4 p.m.

(Asked when he slept, Dr. Hall merely chuckled.)

Despite this time-defying schedule, he was on the college wrestling

team and served as president of the student council.

U. S. FOREST SERVICE

Following graduation he worked until March, 1926, for the U. S. Forest Service at Cranberry Lake, N. Y., assisting in fire weather study. Then he received a Bliss Scholarship in forestry, for Harvard. In 1927 he received his Master of Forestry degree at the Harvard Forestry School in central Massachusetts.

The next 12 years went as follows: Three years as a junior instructor at the University of Michigan's School of Forestry and Conservation, going to University of Minnesota on an exchange basis in 1929-30; married Dorothy D. Colby of Newton Upper Falls, a Boston suburb, in 1930, at Boston (they met at U. of Michigan, where she was teaching physical education and he was then doing graduate work); received his Ph.D. at Michigan, June, 1931.

In charge of the Regional Forest Insect Laboratory of the Bureau of Entomology and Plant Quarantine, U. S. Department of Agriculture, at Columbus, Ohio, 1931-33; transferred to Berkeley by the bureau, April, 1933.

BOUGHT ORINDA LOT

Bought lot at 72 Davis Road, Orinda, May, 1933; started building on it, April, 1939, while the family lived in Albany; finished building home, July, 1939; moved in on the Fourth of July.

That's where the Hall family still resides. And Dr. Hall still does research work on forest insect investigations for the Agriculture Department bureau at the forest insect laboratory, University of California.

In addition to Dr. and Mrs. Hall, the family includes four children—Jim, 17, a senior at Acalanes and an Eagle Scout member of Explorer Post 300; Judy, 15, an Acalanes sophomore and a former Orinda Girl Scout; John, 11, in the seventh grade at Orinda Grammar School, a member of Boy Scout Troop 200, and Joanne, 7, in the second grade at Orinda School.

INSECT CONTROL

Dr. Hall's work at the Berkeley laboratory is the development of better methods of control of forest insects. The family spends summers at Hat Creek, Shasta County, where Dr. Hall is in charge of a field laboratory.

"I got started in scouting when Jim was ready for the cubs," Dr. Hall said. "A bunch of us got together and formed Pack 32, about 10 years ago."

"Sid Rosenthal and I worked hard to get a district established here. I was a neighborhood commissioner."

(Continued on Page 5)

Proposed LID 23 To Be Topic at Thursday Meeting

Set for next Thursday night at 8 at Orinda Grammar School auditorium is a mass meeting for residents of the area behind Lake Cascade, with the purpose of obtaining give-and-take information on sewer installation procedure.

The session has been called by the Board of Directors of the Central Contra Costa Sanitary District. The board recently instructed Manager-Engineer John Mason to make arrangements for the gathering. L.I.D. 23?

Specifically, the question to be battled around is whether steps should be taken to establish Local Improvement District 23 for the area.

The session is planned to be similar to one held recently for residents of the Sleepy Hollow area, which led to start of proceedings for L.I.D. 22.

REPORTS SCHEDULED

Reports by Dr. H. L. Blum, county health officer, and Sanitary District engineers and officials are on the agenda of the meeting.

Residents of the affected area are being notified by card of the confab.

District representatives and the county health officer are expected to explain the health hazard in inefficient septic tank operation and the probable costs and methods of installing sewer collection laterals under L.I.D. proceedings.

From the audience, the officials will try to ascertain the wishes of the area's residents.

Church Delegates To Be Selected

A communion service will be held this Sunday, 11 a.m., by St. Stephen's Episcopal Church of Orinda.

A very brief meeting will be held directly after the service to elect two delegates and alternates to attend the diocesan convention which will meet January 31 at Grace Cathedral in San Francisco. One man and one woman will be chosen to represent St. Stephen's.

The petition from the Orinda Church will be presented to the standing committee at the diocesan convocation for official ratification of its becoming a mission church and adopting the name of St. Stephen's.

WOMEN'S WORKSHOP

There will also be a workshop for the new Women's Auxiliary officers of the diocese at Grace Cathedral on January 19, according to Mrs. William Sparling, president of the local Women's Auxiliary.

Mrs. Walter Christie has been appointed chairman of the St. Stephen's Church hospitality committee. Her special duties include heading a committee to welcome people to the church and see that they sign the registry, and to head a group to take charge of the after-service coffee hour which is to be a regular get-acquainted feature held once a month.

Altar Guild members are scheduled to meet at the home of Mrs. Paul Slatery, chairman, next Tuesday at 1 p.m. Those in the Guild are Mesdames Clinton Easterbrook, S. A. Ballard, H. S. Doane, T. E. Haley, R. E. Theis, James Buxton, H. C. Booth, James Sullivan, R. J. Maddox, Ida Zamloch, H. W. Pillsbury and D. B. Woodcock.

Orinda Woman's Father Succumbs

Final rites were held at the Grant D. Miller Mortuaries Saturday morning for William J. Layton, retired Oakland and Hayward creamery operator, who died Thursday of last week in an Oakland rest home after an illness of two years.

Since the death of his wife, Mary, Layton had made his home with his daughter, Mrs. Lois Killingsworth, in Orinda. He is also survived by another daughter, Mrs. Lillian S. Graff of Oakland, and two grandchildren.

A native of San Francisco, Layton operated Layton's Creamery on Chestnut Street 30 years ago. He later owned a Hayward business but retired about 1930.

He was a member of Piedmont Parlor, Native Sons of the Golden West, and was formerly a member of the Oakland Lodge of Eagles.

May Delay Clearing of Slide till Spring

Delay until spring in clearing last month's landslide-mass from Mt. Diablo Boulevard west of Orinda Crossroads is "entirely possible."

This was stated today by Floyd Sherry, assistant maintenance engineer for District IV of the State Division of Highways.

TO ALLOW TIME

Reason for this probable delay, he said, is to give the embankment slope on the north side of the highway enough time to drain off its accumulated water.

It was down this slope that the rain-loosened mass of earth, rocks and trees slid December 9, covering the road and completely blocking all traffic from the Crossroads to the Tunnel for two days.

Being conducted by Highways Division crews is hydrauger work —

draining of the slope by means of perforated pipes about two inches in diameter.

"Through this draining, the slope is being stabilized, and we'll be able to see if any more slip-planes might develop," Sherry said.

"Also, the results will give us an idea of how much earth to take out and how much the job will cost."

Meanwhile, the four-lane detour around the slide-mass on the highway has been surfaced with plant mix, after the placing of a layer of base rock to provide a firm bottom for the surfacing.

This week highway crews were removing earth from the banks about one-half mile east of the Crossroads. The dirt was trucked and dumped down the ravines on the other side of the highway.

What Was the Weather Jan. 1?

Ha, bet you didn't know what was going on in the weather department January 1.

But the trusty Orinda weather observer kept his usual clear head and managed to leave enough clarity over for the weather. 'Twas a nice bright day, January 1. We remember, we thenk.

Maximum and minimum temperatures for the week of December 27 through January 2 were both recorded on the first; the high, 58 degrees and the low, 28 degrees.

Up to 6 p.m. on the last day of the recorded week, there was only .1 of an inch of rain. Popularly known as a trace.

The weatherman saved Tuesday night's and Wednesday morning's rain for the report next week so it would have a chance to pile up a bit.

Scouts Hand Out 'Atomic' Books Here Tomorrow

Members of Boy Scout Troops 200 and 207 and Explorer Post 300 will distribute some 1,500 copies of the pamphlet, "Survival Under Atomic Attack," throughout Orinda tomorrow, according to Assistant Fire Chief Al Winsor.

The boys will pick up the Office of Civilian Defense pamphlets at the fire house at 9 a.m., Winsor said. He conferred with adult scout leaders Wednesday night on plans for the distribution.

"We are short about 250 copies," he added, "but we want to be sure that those we have on hand go out. We want to assure any families that do not receive the book that the remaining copies will be distributed as soon as we receive them from the County Civil Defense and Disaster Relief Council."

GOVERNMENT INCOME

California's state and local governments had an all-time high income of just under \$2 billion during fiscal 1949, California Taxpayers' association said today.

CALENDAR OF EVENTS

FRIDAY, JANUARY 5

Cub Pack 32, Orinda Grammar School, 7:30 p.m.

Orinda Mothers Club, bridge sections, home of Mrs. Roy Wendelbow, 17 El Gavilan—morning group, 9:30 a.m.; afternoon group, 12:30 p.m.

Basketball—Acalanes Dons at Alameda, 7:30 p.m.

SATURDAY, JANUARY 6

Acalanes Junior Assembly, Veterans Memorial Building, Lafayette, 8:30 to 11:30 p.m.

Acalanes Chapter, D.A.R., home of Mrs. George Bennett, 404 Camino Sobrante.

Teatro para Ninos, Orinda Grammar School, 1 to 3 p.m.

Basketball—U.C. Frosh at Acalanes, 6:30 p.m.

SUNDAY, JANUARY 7

Services at Orinda Community, St. Stephen's Episcopal, Santa Maria and Christian Science Churches. Pilgrim Fellowship, Orinda Community Church, 7 p.m.

MONDAY, JANUARY 8

Orinda School Board, Orinda Grammar School, 8 p.m.

Orinda High School Mothers Club.

Orinda Dramateurs.

TUESDAY, JANUARY 9

Boy Scout Troop 207, Scout Hut, 7:30 p.m.

12-15 Club, home of Mrs. William Joslin, 611 Miner Road.

Orinda Branch, Children's Hospital.

Acalanes High School District Board, Acalanes High School, 8 p.m.

Basketball—Acalanes Dons at Berkeley, 3:30 p.m.

Section 5, Women's Guild, home of Mrs. Robert Brown, 9 Orchard Court, 8 p.m.

General Guild, Orinda Commu-

Rotarians Plan Trip to Reno; See Magic Show

Next highlight on the Rotary program is the Reno excursion January 14 and 15, known as the East Bay Rotary Clubs' Ninth Annual Inter-City meeting.

Bill Seroy, Paul Pease, Vic Rich- it, Stan Massie and President Frank Olsen already have made reservations and more sign-ups are anticipated.

Six members of the O.J.C.A. (Orinda Junior Conjurer's Association) were guests at the meeting Wednesday. The boys, who presented a magic program, were Jeffrey Nicklas, Harry Noller, Bob Long, Woody Hutter, who acted as master of ceremonies, Chuck Coburn and Bob Johnson.

George Eberhart reported on the Red Cross county plan in case of any disaster.

Auto Crashes on Holiday Weekend

A sideswipe-head on collision on Mt. Diablo Boulevard a mile and three-tenths west of Orinda Crossroads at 1:30 a.m. Saturday resulted in injuries to the two drivers, Gerald Smith, 19, Oakland, and Robert Sicular, 22, Berkeley, and Esther Velasquez, 19, Oakland a passenger in the Smith car, and Diana Kunzman, 25, Oakland, who was riding in the Sicular car.

All four were taken to Permanente Hospital, Oakland. Smith had been driving west, Sicular had been going east.

Rites Held for Plummer B. Lewis

Funeral services were held Friday morning at Truman's Chapel, Oakland, for Plummer B. Lewis, 58, of 40 Loma Vista Drive.

Besides his widow, Dorothy F. Lewis, Mr. Lewis leaves two sisters, Mrs. Ernest Baker and Mrs. Romaine Hamilton of Los Gatos.

He was a native of Kansas City, Missouri.

County School Board Asks Pay Hike— Delay Asked in Judges' Salary Raise

Members of the Contra Costa County Board of Education requested the Board of Supervisors Tuesday to up their pay from \$5 to \$10 a meeting.

Board members have been paid \$5 a meeting, plus mileage, for the last 20 years and the State Legislature in 1948 enacted legislation making it permissive for Boards of Supervisors to increase the fee.

JUDGES' SALARIES
The Contra Costa County Taxpayers' Association requested the Board of Supervisors Tuesday to withhold action on a proposed salary increase for Superior Court judges until it has "reorganized the so-called inferior courts in this county."

The supervisors have before them a Contra Costa Grand Jury recommendation that the number of Superior Court judges be increased from three to five and their salaries raised from \$12,000 to \$15,000 annually.

GRAND JURY

The Grand Jury action was taken at the request of the Contra Costa Bar Association, which contended the court calendars are now crowded that it frequently takes from six to eight months before some cases can be heard.

On Monday, the supervisors passed a resolution recommending to the State Legislature that the number of judges be increased from three to five. However, no action was taken on the salary matter.

TREASURER'S AIDE

Robert H. Kinney, who will become Contra Costa County's treasurer on Monday, announced appointment of Edward W. Leal, 30, as his chief aide.

Leal, of Antioch, has been employed as a registration deputy by County Clerk Walter T. Paasch for the past year and previously was in County Auditor-Controller D. M. Teeter's office for two years.

PRESIDING JUDGE

Judge Harold Jacoby is presiding judge of the Contra Costa County Superior Court for this

year. He succeeds Judge Hugh H. Donovan under the court's system of rotating the presiding judgeship annually.

Recommendation that all Contra Costa school districts conduct first aid courses for school employees as part of their civilian defense program has been made by the County Board of Education.

For first aid courses the schools will depend upon the Red Cross whenever possible, but in event the Red Cross is unable to provide instruction the school will make other arrangements to avoid delaying the program.

Letters To The Editor

Dear Editor:

As the year 1951 starts on its way, I wish to convey to you on behalf of the Board of Directors and the staff of the East Bay Municipal Utility District our sincere thanks and appreciation for the splendid cooperation of the Sun throughout the past year.

The excellent news coverage received from your fine publication has been of great assistance in our efforts to continually inform East Bay residents of the activities and progress of their Utility District.

It is our constant desire to merit the continued support of your organization in our efforts to direct the affairs of this publicly-owned utility.

We extend to you and your staff the Season's Greetings, with every good wish for a prosperous New Year.

Sincerely,

LOUIS J. BREUNER

President, Board of Directors, East Bay Municipal Utility District.

Cap Sandford Sez:

AS TO NEW YEAR'S RESOLUTIONS — How about this?

After over 40 years of systematic two-fisted whiskey-drinking I had achieved such immunity as to be able to absorb a couple of quarts of hard liquor daily.

Decided to give up. Gave up. Gave up smoking also. That was four years ago. Try that on your violin, sez I.

THOUGHTS IN RETROSPECT — At the beginning of a New Year it is my custom to permit my mind wander back over things that happened to me long ago:

1898 — Trying to volunteer for service in the South African War and being refused. . . Mad as a wet hen . . . too small . . . only the pick got over there.

1905 — Wandering about in Italy . . . beautiful Mediterranean. Buying tree-ripened Valencia oranges in Spain for 20 cents a hundred delivered on board ship.

1906 — Strutting and swinging the kilt as an officer in a Highland Regiment in His Majesty's service.

1911 — QUEBEC, MONTREAL, Winnipeg, Toronto, British Columbia, New York City, Detroit, Kansas, San Francisco, etc.

1914 — Volunteering and being accepted for service in a famous Canadian outfit, the Little Black Devils from Winnipeg, Belgium, France; gas poisoning, dragging a broken leg in battle.

September, 1915 — Clinging onto a lifeboat in a gale of wind in the Atlantic after our ship, the Hesperian, had been torpedoed out from under us. Discharged from service as unfit.

Succeeding in wangling my way back into the service. Returning to France and Belgium. More battles, more grief, more misery.

1918 — Peace. We won. . . sez who? Nuts.

Later on — China, Japan, Dutch East Indies, Philippines, etc.

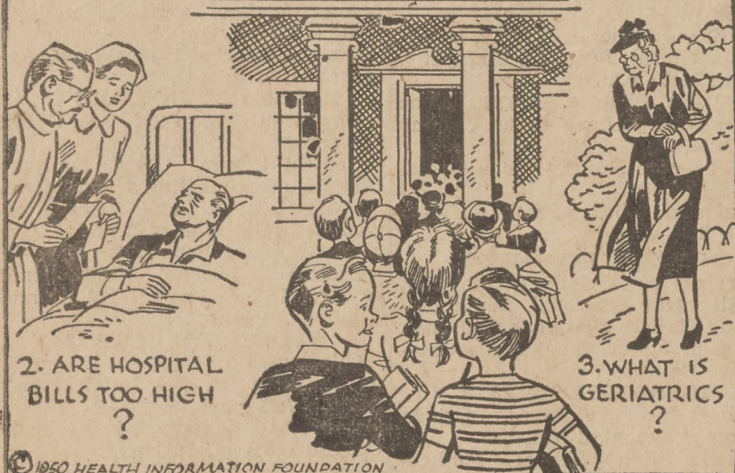

World War II — Tried to volunteer. No soap. Who won that? And now look at this mess in Korea, will you?

What the dickens is it all about?

I'll be seein' you.

GOOD HEALTH

I. WHY ARE MANY SCHOOLS SO CROWDED?

2. ARE HOSPITAL BILLS TOO HIGH?

3. WHAT IS GERIATRICS?

Answer to Question No. 1:

1. Not only are more children born but many more now live long enough to go to school. The death rate among pre-school children has declined from 20 deaths per 1,000 in 1900 to 1 per 1,000 today. With so many childhood diseases conquered, pediatricians report they spend most of their time supervising the health of well children and thus preventing illness.

Answer to Question No. 2:

2. The American Hospital Association says it costs an average of \$14.33 a day for a general hos-

pital to take care of a patient but the hospital receives \$2.59 a day less than that from patients. Patients are being cured faster, which reduces the bill, and millions now take advantage of voluntary insurance plans such as Blue Cross and others to prepay hospital bills on an insurance basis.

Answer to Question No. 3:

3. It's that division of medicine which has to do with old age and its diseases. Because we now live much longer, more and more doctors are studying the problems of health in old age.

Discuss Organization of Mass Chest X-Ray Survey To Be Held in February

Members of the Board of Directors of the Contra Costa Public Health Association at a recent dinner meeting at Diablo Country Club, heard Marion M. Snodgrass, Executive Director of Contra Costa Chest X-Ray Survey, Inc., outline the organizational structure of the mass x-ray survey to be conducted in this county starting February 15, in which the goal is a chest x-ray for every adult resident of Contra Costa County.

"Many committees have already been formed," said Snodgrass, "and are beginning to function; such as, budget, accounting and auditing, medical-technical, nursing, social service, public information, locations, labor and industry, schools and neighborhood groups."

The corporation has a staff of approximately 15 persons who have been assigned to assist with the program. These persons are on loan from various county departments, industries, Contra Costa Public Health Association and the California Tuberculosis and Health Association. "Volunteer workers in the thousands will be needed if we are to x-ray 200,000 people in eight weeks," added Snodgrass.

James D. Ryan, president of the Contra Costa Public Health Association, who presided at the dinner meeting, said the Public Health Association had made a large contribution to the Survey corporation in services of Board members and staff, as well as its financial assistance.

The public aspects of a mass chest x-ray survey were described by Dr. Henrik Blum, County Health Officer. "Tuberculosis is a contagious disease," Blum said, "and is silent and without symptoms for a long time in the early stages."

A mass chest x-ray survey covering the adult population will pick up some cases of tuberculosis in its early stages when cure is possible and less costly.

Those present at the evening meeting were: Dr. and Mrs. Henrik Blum, Mrs. A. F. Bray, Mr. and Mrs. A. F.

Bray, Jr., Clifton Brooks, Mr. and Mrs. Arch Campbell, Mr. and Mrs. Floyd B. Comstock, Mrs. Clifford Foskett, Mr. and Mrs. R. J. Martyr, Leon Rahn, Mr. and Mrs. J. D. Ryan, Mr. and Mrs. Marion M. Snodgrass, Mr. and Mrs. G. C. Stanley, Dr. and Mrs. Harold G. Trimble, Mr. and Mrs. George Vurek, Miss Ethel Frances Murray, Mrs. Lenore Crane, Mrs. Mary Johansen, George Walker, Mrs. Sarah Adams and Miss Opal Jordan.

Contra Costa Increases Homes Built During Past 10 Years by 190 Per Cent

Home building in Contra Costa County increased 190 per cent in the past 10 years, to lead other East Bay areas.

Home building in the three East Bay counties of Alameda, Contra Costa and Solano in the past 10 years has topped every previous production effort in history, according to a progress report issued recently by Stanley M. Davis, chairman of the educational committee of the Associated Home Builders of the Greater East Bay.

Percentage increases by counties show Alameda adding 43 per cent to its housing total; Contra Costa increasing its number by 190 per cent and Solano boosting its number of dwellings by 116 per cent.

MORE TO COME

In 1940 there were 270,875 homes in the three counties. By mid-1950 the total had risen to 372,226, an increase of 101,351. With final tabulation at year's end many additional thousands of dwellings will have been added to the total, the Davis report said.

"The entire State of California has maintained an equally impressive construction record," Mr. Davis said. "It ran well ahead of the national gain both in number of homes and in population increase. Home builders in this state built 1,269,000 homes for a gain of 54.2 per cent over the 2,340,000 homes that existed at the start of the decade, increasing the total to 3,609,000 homes in 1950. Meanwhile, the state's population was growing at the rate of 51.9 per cent, from 6,907,000 in 1940 to 10,490,000 in 1950."

FEDERAL CENSUS

Statistics of the Davis report are based on compilations recorded in the recent Federal census taken shortly before mid-year and do not show the full construction progress for 1950. Estimates for the nation's home construction this year include some 1,300,000 new dwelling units.

"Actually, new home production outstripped the nation's population growth," Mr. Davis points out.

"While the population rose from 131,669,000 to 150,556,000, a gain of 14.3 per cent from 1940 to 1950, the number of homes grew from 37,325,000 in 1940 to more than 46 million by mid-1950—an increase of 23.6 per cent."

"This outstanding home building record is the greatest numerical increase ever made in a ten-year period and it becomes even more impressive when it is remembered that the same decade covers the greatest war the United States ever fought—a period when home construction was reduced to an absolute minimum."

EBMUD Lists New Schedule of Annexation Fees

A streamlined and simplified schedule of charges for annexation to the East Bay Municipal Utility District will take effect January 15, it was announced by Louis J. Breuner, president of the Board of Directors.

Under the new plan, charges for annexation to the district are computed as follows:

1. — For each annexation proceeding, \$150.
2. — For each parcel of land or lot in separate ownership within the area proposed to be annexed, \$3.
3. — For each acre or fractional part thereof of the land included in the area proposed to be annexed, \$4.

The total of these three comprises the charge.

This schedule does not apply in the case of annexation of areas now served by an existing water distribution system nor in the annexation of public agencies or to other annexations which present novel or unusual problems or situations. In these instances, the charges for annexation will be determined by the E.B.M.U.D. Board of Directors, based on individual analysis.

Acalanes Has 44 Adult Classes This Quarter

Forty-four classes are being offered by the Acalanes Adult School's Winter Quarter. Registration and classes began this week.

According to David Stewart, adult education director, several new courses are being added for the new quarter. Bookkeeping and shorthand will be taught by Mrs. Josephine Van Ogtrop. Simplified shorthand in the Gregg system designed primarily for those who have had no previous experience will be offered.

The Adult Chorus this quarter directed by Bruce Handley will sing the "Elijah" during the Easter holidays. The group recently performed the "Messiah" to an enthusiastic Christmas season audience.

VOICE TRAINING

A voice training course, with a special registration fee of \$4, is being organized, along with a new class in social dancing directed by Mrs. Irene Chioocca.

Another basic first aid course will be given for a 10 week period by Marge Nicholson under the supervision of the Mt. Diablo Chapter of the American Red Cross.

GREAT BOOKS

Webster Wilson will lead a seminar on the "Great Books" ranging from the Bible to present day literature.

Stewart announced that there would be no new registration taken for beginning folk dancing until next September. Further information on the Adult program can be secured by phoning the high school Monday through Thursday 7 to 10 p.m.

Auto Licenses Issued at Three Places in County

Issuance of the first sets of state motor vehicle license plates since 1947 began this week in three Contra Costa County locations—Richmond, Martinez and Walnut Creek—and will get underway later this month in Pittsburg and Antioch.

In Walnut Creek, the location is the American Trust Company, 1306 Main Street; hours are the regular banking hours.

John E. Harvey, chief of the State Department of Motor Vehicles office in Martinez, offered these pointers to motorists as a means of eliminating "bottlenecks" in the waiting line:

1.—Make certain that the white slip, referred to as "potentials" applies to your car and is correct in each detail; if it is for a car you have sold or transferred, destroy the slip.

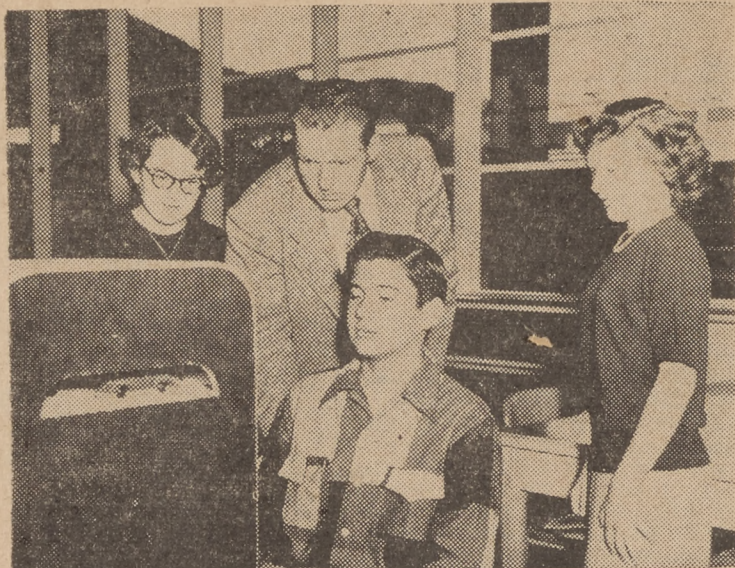

2.—Have the correct change indicated on card to expedite work.

3.—Do not tear registration slip apart.

4.—If your certificate has not reached you by January 20, then present your 1950 registration card for new plates.

POSITIONS OPEN

The United States Civil Service Commission announced today that there is an immediate need for filling positions in various skilled and semi-skilled trades and occupations, including helpers, in various defense establishments in the San Francisco Bay area at places such as Mare Island, Moffett Field, Benicia and San Francisco.

DRIVER TRAINING is a regular course at Acalanes High School. Here Ed Lahey, the instructor, goes over some fine pointers of the course with Pat Patton (at left), Jimmy Pitto (seated) and Nancy Southard (at right). — Acalanes Blueprint photo

WC 9th Graders to Go to Las Lomas

At its last meeting the Acalanes school board confirmed a policy announced earlier that all ninth graders from the Walnut Creek Elementary District would attend the new Las Lomas school being built south of Walnut Creek.

Tenth, 11th and 12th graders from

Walnut Creek will continue to attend Acalanes, along with students of all grades from Lafayette, Orinda Moraga and Canyon.

The board also sanctioned purchasing of equipment, mostly furniture, for the new Las Lomas school which will open next Fall.

75,000 Animal Enemies Captured

California hunters and trappers accounted for a total haul of 75,008 fur-bearers and predatory animals during the 1949-50 fiscal year, it has been announced by the Division of Fish and Game.

Included in the total of wildlife enemies taken were 13,511 coyotes, 5,729 bobcats and 243 mountain lions.

157 EMPLOYED

The 12-month report revealed that 157 hunters and trappers were employed by federal, state and county governments. Total cost to these agencies was \$673,785.

Licensed commercial trappers sold their annual take of furs and pelts for \$266,391.

A total of 225 nuisance beavers was trapped from agricultural areas and transplanted to higher elevations.

BOUNTIES

Mountain lion bounties paid out by the Division's Bureau of Game Conservation amounted to \$13,340. Bounties of \$50 for males and \$60 for

females are paid out of the State Fish and Game Preservation Fund. From their share of the same fund, counties awarded bounties totaling \$24,340 for lions, bobcats and coyotes.

The annual record kept by the state division showed 51 hunter-trappers on the Bureau of Game Conservation payroll, 99 paid by the Federal Fish and Wildlife Service and seven employed by the County of Mendocino.

REGIONAL CONFERENCE

The Second Regional Conference on the Conservation of Natural Resources will be held in Wheeler Hall, University of California campus, Berkeley, January 25, 26 and 27.

Basketball Main Item in Course At Night School

Acalanes night school has added a Physical Fitness course to its curriculum, with basketball being the main item.

The Acalanes gym is the scene of the activity, which will take place between 7 and 9 p.m., under the guidance of Coach Erwin Mattson.

POPULAR IN PAST

The course has proved to be a popular one in the past and should be well attended during its current session.

First meetings of the class will be held Tuesday and Thursday evenings.

The class is open to anyone who is not in high school. The course comes under the Adult Education Program.

LIST OF DATES

Following are the dates which have been selected for additional meetings:

January 8, 11, 15, 16, 18, 22, 23, 25 and 30.

February 1, 5, 8, 13, 15 and 19.

Yearbook Workshop Set for Wednesday

A Contra Costa County Yearbook Workshop for 10 of the county's secondary schools and the junior college will be held at Acalanes next Wednesday to review general school yearbook production problems.

Several production experts are slated to speak to the conference of approximately 60 faculty advisors and student staff members.

Robert Ozias of Lederer Street and Zeus, consultants on letterpress year books; Marvin Bonds of Cal Art Engraving Company, engraving and photography experts; James Mapes of the S. K. Smith Company, yearbook cover manufacturers, and Pat Warner, advertising manager of the Walnut Creek Courier Journal, are among the speakers scheduled to be heard.

The program is being arranged by Anita Lyser of Alhambra High, Helen Lum of Mt. Diablo and Betsy

Pembroke of Acalanes, all yearbook faculty advisors. Gardner Swenson of the county department of education is assisting with arrangements.

Seniors Prepare For Math Test

Acalanes seniors were busy reviewing their math fundamentals this week in preparation for the annual senior math test, according to Al Winchester, Acalanes senior class advisor.

Seniors are required to pass the test in basic math before graduation. Special instruction assistance is given those students who desire it.

Worshippers Join in Christmas Service

The Orinda Theater was filled with worshippers at the recently conducted sixth annual Christmas service of the Community Church.

The service was held Sunday morning, December 24.

Music sung by the two choirs and accompanied by organ and orchestra included some of the greatest of Handel's compositions in the "Messiah."

Mrs. Margaret Popovich sang with special beauty and effectiveness the soprano solo, "Come Unto Him." Rev. Fred Morrow was assisted in conducting the service by Rev. Godfrey Matthews of San Francisco.

Speaking on the subject "Stranger than Fiction," the Rev. Morrow concluded, "God is infinitely creative and resourceful. A mountain mass of stubborn habits and per-

verse emotions stands between him and his purpose for man. But he is still able to cut a channel through it, or around it, or under it. He will reveal his way in some new Bethlehem and speak his word in some new Galilee. It will come through humble people in unlikely places.

"The God who once chose Mary and Joseph of Bethlehem has more imagination than we have. The world is not doomed as long as souls are open to him who is able to do exceeding abundantly above all that we ask or think."

No-Host Party Held

A no-host New Year's party was held by Mr. and Mrs. Murrey Johnson on Crest Road in Hidden Valley.

orados Contra Costa County, California.

PASSED AND ADOPTED by the Board of Supervisors of the County of Contra Costa this 26th day of December, 1950, by the following vote:

AYES: Supervisors S. S. Ripley, Ray S. Taylor, W. G. Buchanan, J. Frederickson.

NOES: Supervisors—None.

ABSENT: Supervisor H. L. Cummings.

I HEREBY CERTIFY that the foregoing resolution was duly and regularly introduced, passed and adopted by the Board of Supervisors of the County of Contra Costa, at a meeting of said Board held on the 26th day of December, 1950.

W. T. PAASCH, County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Contra Costa, State of California.

By: M. A. SMITH, Deputy

LEGAL NOTICE

NOTICE OF DISSOLUTION OF PARTNERSHIP

NOTICE IS HEREBY GIVEN that the partnership lately existing between JOHN W. LOOP, RALPH N. WILLSON and JOHN T. JEWELL, doing business under the firm name and style of ORINDA CROSSROADS REALTY COMPANY, was dissolved as of the 31st day of December, 1950, and that said partnership business, formerly operated at No. 10 Moraga Highway, Orinda, California, has been terminated and discontinued, by mutual consent.

The unfinished business and affairs of the copartnership will be attended to by John W. Loop, one of the undersigned, and he is hereby authorized to collect, receive and receipt for all moneys, goods and properties due or accruing to said copartnership, and to discharge all obligations of said copartnership and perform all its unexecuted contracts.

IN WITNESS WHEREOF the undersigned partners have set their hands unto these presents at the Town of Orinda, County of Contra Costa, State of California, this 31st day of December, 1950.

Meet 1st Entry - Does He Win 1st Baby Contest? ...

First entry in the First Baby of the Year Contest for Central Contra Costa County is that of Thomas Roeder Ewing, born 3:10 p.m. January 1 to Irene R. and John C. Ewing of 2440 Warren Road, Walnut Creek.

Announcement of the contest winner will be made next week, by which time additional entries may have been made. Entries should be received not later than next Tuesday, January 9. They should be mailed to the Contra Costa Shopping News, P. O. Box 1038, Walnut Creek, or the Sun, P. O. Box 806, Lafayette.

As reported by proud daddy John C. Ewing, Thomas weighed 8 pounds, 8 ounces on arrival at Alta Bates Hospital, Berkeley.

Does the Ewing baby win the contest? Or is there a Central Contra Costa County baby born earlier in '51? Odds of prizes, offered by merchants of the area.

Troop 210 Mothers Meet Monday Night

First meeting of the year for the Mothers Club of Boy Scout Troop 210 will be held Monday night at 8 at the home of Mrs. E. S. Hudson, 25 Diablo Drive.

Hagmanns Move from Southland to Orinda

Dr. and Mrs. David Lowell Hagmann (Ruth Bielskis), with their two youngsters, Ruth Dianne and Stephen Eric, recently moved to Orinda from Southern California, where they were prominent in the activities of the younger set in Los Angeles.

Recently they were entertained as guests of Dr. and Mrs. Julius J. Bielskis of Westwood Hills. Dr. Bielskis is consul of Lithuania at Los Angeles.

LEGAL NOTICE

NOTICE OF TRUSTEES' SALE UNDER DEED OF TRUST

NOTICE IS HEREBY GIVEN that under and by virtue of the provisions of that certain Deed of Trust dated December 9th, 1947, executed by ROSS A. BEALL and MARGARET V. BEALL, his wife, as Trustees, to BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association, as Trustee, and LURA VIOLA WOOD and ALPHA WOOD, her husband, as beneficiaries, and recorded January 8, 1948, in the Recorder's Office of Contra Costa County, in Book 1162 of Official Records, at page 100.

And pursuant to the request of the owners and holders of the promissory note secured by the Deed of Trust above referred to;

And by reason of the default in the payment of said promissory note and breach of the conditions

in said deed of trust provided, a Notice of Default and Breach of Obligation having been duly recorded as provided for by law in said Recorder's Office on August 14, 1950, in Book 1613, Page 538 of Official Records of Contra Costa County, California.

NOW, THEREFORE, notice is hereby given that to satisfy the obligations so secured, and by virtue of the authority in it vested, the undersigned, as Trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States of America, on Friday, the 26th day of January, 1951, at three o'clock P.M. of said day at the main entrance of the Contra Costa Court House located in Martinez, California, all of the interest conveyed to it by and now held under said Deed or Transfer, in and to all that certain real property situate in the County of Contra Costa, State of California, and de-

scribed as follows:

Lots 8 and 9 in Block "E", as designated on the map entitled "Orinda Oaks, Contra Costa County, California," which map was filed in the office of the Recorder of the County of Contra Costa, State of California, on December 16, 1924, in Volume 19 of Maps, at page 466.

Said sale will be made without covenant or warranty, express or implied, regarding title, possession or encumbrances.

DATED this nineteenth day of December, 1950.

STUDENT BODY OFFICERS of six Contra Costa County high schools and their committees gathered recently at Acalanes High School to discuss common problems. There were 36 delegates, all told, who exchanged ideas. Pictured here are the six student body presidents at the meeting. Left to right, they are Milt Honea, Mt. Diablo; Don Jordon, Alhambra; Danny Cone, Antioch; Don Cvietusa, Acalanes, who acted as host; Mary Bokinskie, Pittsburg; Brian Hurrah, John Swett. — Acalanes Blueprint Photo

Hi-Lites on Hi-Life

By DON and DONNA

IT'S TAKEN just about this long to get back into the old grind. Wonder how we ever could answer all those people who continuously asked us "Won't you be glad to be back in school?" with the expected reply.

It was strange to see that the old place hadn't aged so much with the

passing of the half century — sure, we're on the side that thinks it's more fun to have this year the beginning of the next half-century — after all, we didn't think about it last year!

OF COURSE, with the beginning of a new half-century, this year's resolutions become more important. Here are our weighty suggestions, not for ourselves, but for the dear old Acal-mater:

First, and most important, let the science department resolve to cooperate in working out some simple device (sugar-coated pill would be our first choice) by which all students would immediately find learning as easy as eating, for instance. Let the English and other language department also resolve to cooperate, to the extent that all languages merge into one.

We don't mean Sanskrit, but a language that sounds and speaks like English, except that it's so simple that grammar and sentence

construction won't be necessary. THE ART department would get plenty of cooperation, if it would just resolve to go in more for calendar type of art (and I do mean the kind that you think I mean).

Which, of course, calls for the modern dance class to take on a male chorus.

Speaking of things co-educational, suppose the gym classes were —? There have been reports that some of the girls might show up pretty well on the football field.

Let's see — what should the typing, journalism, etc., departments swear to do during the coming year? Could be that some of the teachers would suggest that typing be a required freshman subject, or do they like to try to read some of that chicken-scratching that gets handed them?

WORD has gotten about that while, on the whole, the parties this New Year's Eve were much more "in line" than last year's, there never was such party-hopping. Since there haven't been any accidents reported from all the extra travel, we guess that eliminated the main parental objection.

So far, we haven't had the word how the hostesses' parents reacted to the transient guest list. Some rovers brought their own "food" and figured that made everything ok.

MY POP SAYS that in looking back over the past year the greatest shock was when he saw in black and white, in a newspaper, a reference to "some of the middle-aged fellows" of the high school class of '27 — and suddenly realized that it meant him!

CHRISTIAN SCIENCE CHURCH

"Now unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever." This verse from First Timothy will be the Golden Text for the Christian Science Lesson-Sermon Sunday, January 7, on the subject "God."

Citations from the Bible and the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, comprising the sermon, will include the following:

John 17:1: "These words spake Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify thee."

Science and Health: "Simply asking that we may love God will never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness" (p. 4).

Christian Science Society, Orinda—42 Orinda Highway. Sunday 11 a.m., Wednesday 8 p.m., Sunday School 9:30 a.m. All welcome.

Earn While You Learn

Opportunities for "earning while learning" a skilled trade are currently being offered by the U. S. Naval Air Station, Alameda, in their apprentice training program.

This naval activity, one of the key defense agencies in this area, plans to add 134 apprentices to its expanding labor force. NAS Alameda has already graduated 101 apprentices into full-fledged journeymen since the inception of this vital training program in August, 1946, and is presently training 340 men in 13 trades which are considered vital in the current world preparedness race.

News-Letter Will Go to Servicemen

Those local boys in the service are just as interested in home town news now as when you knew them here.

Chances are, even more so . . . because news from home means so much to a lad at camp or overseas.

That's why Coach Erwin Mattson, starting next Wednesday, is going to send a news-letter to Acalanes High School graduates who are now on Uncle Sam's team. Mattson is the SUN's sports editor.

You can help by turning in to Mattson the names and present addresses of such Acalanes grads. "Matt" will see that they get his news-letter.

Just send the names to Erwin Mattson, 60 Thomson Road, Lafayette, or in care of the SUN, P.O. Box 806, Lafayette or P.O. Box 147, Orinda.

Side Yard Plea Of Buckley OK'd

Application of Jack Buckley to have a 10-foot side yard for a garage on Lot 2, Sally Ann Meadows, was given favorable recommendation by the Planning Commission Tuesday.

The lot is in an R-A district of Orinda.

New Sign Shows Church Location

A new temporary sign showing the location of Orinda Community Church has been set at the Community Center entrance.

The permanent sign will match the carved redwood one set on the entrance post, and is being prepared by Mrs. Roger A. Stark.

Painting, planting and completion of a rock wall in the turnaround are other improvements being planned by Community Church trustees.

Carmel Vacation

Mr. and Mrs. James Brown returned Tuesday night from a four-day trip to Carmel where they stayed at Holiday Inn. Friends from Oakland joined them there Monday evening for a visit.

Weekend at Carmel

Mr. and Mrs. E. J. Fowler, Jr., in company with their friends and neighbors, Mr. and Mrs. Dan Carter, enjoyed the New Year's weekend at Carmel.

Building Permits Show Upswing

Evidence of an upswing in construction in Orinda area was evidenced in permits granted the week ending December 29 when o.k.'s for nine new residences and garages were issued, in addition to miscellaneous permits.

Residence and garage permits were granted as follows:

\$10,596, Lot 19 Overhill Drive and Glorietta, Moraga Meadows; owner R. Pariana, San Francisco, and builder, Lafayette Builders.

\$10,956, Lot 40 Mira Loma, Haciendas Del Orinda; owner J. C. Folard, Berkeley, and builder, W. J. Kraus, Berkeley.

\$10,500, Lot 14 Irvine Drive and Glorietta; owner R. Maul, Oakland, and builder, Nelson & Rugg, San Leandro.

\$9,966, Lots 36 and 37, block E Loma Vista Drive, Mariposa Lane and El Toyonal, Orinda Park Terrace; owner R. W. Roth, Richmond Annex.

and builder, L. W. Roth, Richmond Annex.

\$8,757, Lot 111 Hillcrest Drive, Moraga Meadows No. 4; owner Glorietta Corporation, builder Hancock Construction, Lafayette.

\$13,322, Lot 348 Camino Sobrante and Lanorna, Hacienda Del Orinda No. 2; owner Austin Kelly, and builder, Carlson & Maier, Oakland.

\$9,840, Lot 81 Van Tassel Lane and Van Ripper, Sleepy Hollow No. 1; owner Kolbeck and Klemmenson, Lafayette, and builders, Romney and Prentice, Walnut Creek.

Two residence-garage units, \$8,770, Lots 134 and 135 Overhill Road and Hillcrest Drive, Moraga Meadows No. 4; owner S. Kirk, Orinda, and builder, W. J. Pollock, Orinda.

Orinda Community Church was granted a permit for an estimated \$28,050 residence at Irwin Way and San Pablo Creek Road, builder W. Vernon Bernard, Oakland.

Permission for a residence addition at an estimated cost of \$12,906 was granted for property at Miner Road 700 feet east of Valley View Drive; owner M. E. Spaght, Orinda, and builder, Jones Construction Company, Pinole.

Sole building permits issued the week ending December 22 were one for a residence addition and the second for a foundation only and private garage.

Owner E. B. Hudson was granted permission to add to his home on Lot 69, No. 261 Glorietta and Martha, at an estimated cost of \$2,260. Richit and Johnson were named as builders of the addition.

Owner John W. Moylan of 22 El Gavilan was issued the permit for foundation and a private garage on Portions of Lot 71 and 72, El Gavilan, Hacienda Del Orinda. Estimated cost was placed at \$3,230, with F. Cataline of Orinda designated as builder.

Dr. Hall Named 'Man of Year'

(Continued from Page 1)

er in Orinda, which had Pack 32 and Troop 200, that had previously been going."

When the Diablo District of the Berkeley-Contra Costa Area Council was formed about six years ago, Dr. Hall was chairman in charge of advancement. Later he became district commissioner, and at present he is commissioner in charge of senior scouting in the district. He also is adviser for Explorer Post 300.

SCOUT HUT

Dr. Hall was one of a group that raised money for and built the Scout Hut at Orinda Park Pool, which was completed in 1944. "I built the fireplace," he admitted.

For the past two years he has been a trustee of Orinda Community Church.

He is now serving his fourth year as a member of the high school board. He was board president last year.

"When we moved to Orinda, I figured we were moving out to the country," he observed. "Physically, I find we're now getting back 'into the city.' But even with the terrific expansion I feel we're pretty much a country community—a swell community to live in.

"I enjoy working with boys—I always have. Scout training is basically about the best training any boy can have. On a camping trip he has to provide for his own welfare and get along with other boys."

AUTOMOBILE BODY CARE

To make the automobile last, take good care of its body, urges the California State Automobile Association. It is the largest part of the car and the most exposed to the weather. The best preservative measure for the car body is to keep it washed and well waxed.

3 Practice Tilts Remain Before Dons' League Opener vs. Albany

The Acalanes Dons are busy working out in preparation for the league opener with Albany High Cougars, which is scheduled for the Acalanes gym Friday, January 12.

Three practice tilts remain, with the first after-vacation game being played tonight at Alameda High's gym, the Bees opening festivities at 7:30 and the varsity tilt to follow.

CAL FROSH

Tomorrow night the varsity plays on the home court against the rough and ready five representing the University of California Frosh. Game time is set for 6:30 p.m.

Last practice game of the 1950-51 season prior to league play gets under way next Tuesday when the Dons travel to Berkeley High for an afternoon fracas with the Berkeley Yellow Jackets. Starting time will be 3:30 p.m.

FINAL CUTS

Final cuts have been made by Varsity Coach Lee Arth and Bee Coach Jerry Brown.

The final squads as announced by the coaches earlier in the week find 16 players on the varsity squad and 22 holding forth on the Bee club.

VARSITY MEMBERS

The following were listed as varsity members: Dave Barrows, Bob Borghesani, John Bowron, Jim Champion, Dave Cranston, Bob Diehl, Bob Fox, Bob Garrett, Denton Holmes, Eddie Hunt, Bob Kleckner, Roger Linn, Bob Littlefield, Art Siler, Richard Ting and Bob Winklenbach.

The Bee roster was listed as follows: John Champlain, Allen Culp, Jim Davis, Mike Elvidge, Melvin

Ferrarese, Bart Ferro, Elmer Grimes, Jack Groth, Don Reid, Herman Tuttle, Bob Westlund, Pete Hagerle, Sam Indelicato, Coad Johnson, Mike Klement, Jack Leudeman, Richie Mason, Stan Pedder, Ray Piona, Bob Roark, Mike White, Walt Williams.

GREATER PRACTICE

Cutting the squads has reduced the numbers to the point where greater and more intensive practice will be possible.

Earlier games have found the coaches looking over players and trying various combinations in order to find the most workable units to be used in the rapidly approaching league play.

Care Cautioned For Well Users

Families using private wells or other small water supplies should be extremely careful because of the flooding and excessive runoff resulting from the heavy rains. Dr. H. L. Blum, county health officer warns.

There is grave danger that wells will become contaminated by surface water, making them unfit for drinking or other household uses, he points out. The Health Department suggests that the water be boiled before use if there is any reason to suspect that the well might have been flooded.

After runoff has stopped, wells may be disinfected by pouring in a quart of household chlorine bleach and letting it stand overnight. The well should then be pumped out until the smell and taste of the chlorine disappears.

SUN Staff Members At Rose Bowl Game

Among local people who went to the Rose Bowl game were three members of the SUN staff—Billie Pollard, office manager; Jack Engelsman of the composing room and Erwin Mattson, photographer and sports editor.

Miss Pollard drove to and from the southland with friends, as did Engelsman, while Mattson went both ways by train, with Jack Hageman.

SPORTS

From the Sidelines

There's Second-Guessing A-Plenty, but Rose Bowl Game Offered Top Grid Play

By ERWIN MATTSON

MUCH COPY has been written concerning the now-a-matter-of-history Rose Bowl game between California and Michigan, and much more will be written in the future.

Monday morning (or should we say Tuesday morning?) quarterbacks have had a field day second-guessing quarterbacks, players and coaches.

The fact remains, however, that the game was a good one between two teams who represented the best in their respective conferences and proceeded to show why they were champs with an exhibition of hard but clean football.

Blocking and tackling were vicious, and both sides knew they had been in a game.

MUCH HAS BEEN written concerning the abolishment of the point after touchdown.

One thing for certain is that it proved most important in the Rose Bowl.

If the toe of Les Richter had been a bit more accurate it certainly would have changed the course of the game.

Failure to convert undoubtedly set up a doubt in the Cal players' minds while giving added incentive to the Midwestern invaders.

MANY have questioned Cal's defensive and offensive strategy, which is the easiest thing in the world to do once it's all over and one can look back.

On one drive just before the half ended, Monachino slipped and fell without a hand being laid on him, a gaping hole up front and the goal line within smelling distance — six yards away, to be exact.

Some have said that quarterback should have hit the center of the line, which was where Michigan had their defensive strength mustered. A slip of the foot cost a possible touchdown, but it was a good call, as the hole was there.

In such games the team that gets the breaks usually wins. One thing for sure is that Michigan knew what to do and went out of its way to take full advantage of everything.

IT STILL remains true that the margin between Big Ten and the Coast Conference is small.

True, Cal has lost three in a row but in no case has it been run over.

Pappy Waldorf and staff have still done a remarkable job. This year's eleven wasn't figured to have a chance after last June found graduation leaving many gaps to be filled.

THE BEARS started slowly and improved all year long. Stanford was the choice to win but fell by the wayside, due to a dismal early season showing. They rose to their potential in the Big Game and came up with a 7-7 deadlock.

In the Bowl game it was all the Bears the first half and all Michigan the second half.

Statistics show that the California team was not greatly outclassed. One thing for sure is that the California coaching staff didn't offer any alibis.

They did a grand job in coming up with a conference championship

when they weren't supposed to have a chance.

The difference was passing plus good pass receiving. The receiving at times was phenomenal. The Midwest has definitely proven that it has an edge in the gridiron game.

One main reason probably lies in high school football. State championships and high pressure ball are the rule in the Midwest, while sports in general have been de-emphasized in the West.

Heavier populations have also contributed but the West will overcome that before long.

THE GAME was a top one between two fine teams and provided top entertainment for gridiron addicts.

Human nature being what it is, the second guessers are having a field holiday.

IT LOOKS more and more as if the smaller schools, such as St. Mary's, will drop from the gridiron picture. Lack of personnel and other factors will definitely curtail the Galloping Gaels to a slow trot.

Some have surmised that St. Mary's might become a Pre-Flight School for the duration, as it did in the last war.

Chances are that this won't happen. Pre-Flight schools are in the

Your Garden

Now in Bloom Prime, African Violet One of Our Most Popular House Plants

By BERT WRIGHT

AFRICAN VIOLET, that lovely flowering plant with velvety leaves and blooms of shaded purple and blue, is one of our most popular house plants.

Prime of bloom is from October through January, with a second flowering period in early spring.

CARE AND CULTURE—East and north windows are preferred for growing this plant. They do not need direct sunlight, which means they can be set away from the window. They should be guarded from bright artificial light at night.

Plants should be turned regularly to keep them growing straight. Guard against excessive heat and drafts. Temperature should not be allowed to get below 60 degrees at night and not higher than 80 during the day.

African Violets should be watered from below. They must have a constant supply of water.

IT IS OFTEN necessary to water twice a day if the room temperature gets too high and the air too dry. An excellent way to keep the surrounding air moist is to set the pot in another that is larger and contains damp peat moss.

Then all that's necessary between waterings is to keep the peat moss damp, providing for the constant evaporation of moisture in the air. If excessive moisture remains on the leaves overnight or for any length of time the leaves will rot.

However, the plant will benefit from an occasional washing (light sprinkle or spray), but the excessive water must be shaken off and the plant allowed to dry away from the light. Use lukewarm water in

making but not at St. Mary's.

STANFORD'S chances of maintaining football are not so good, due to lack of military training. Cal has R.O.T.C. and a Naval Unit, which help them.

Could be that Marchie Schwartz saw the handwriting on the wall in more ways than one.

FORMER DONS continue to stream into the armed services.

Bob Nourse leaves for the Army on the 19th, while Harold Hunt dons the khaki on the 9th.

Rumor has it that Dave Johnson and Roy Van den Heuvel are going to the Navy.

Nourse played football, while Hunt was a three-sport athlete, taking part in football, basketball and baseball.

Roy was a first string basketball player and also did his bit in baseball.

Dave was in football and baseball. He won the Rotary award in baseball and rated at the top of the league as a pitcher.

I'm sending the first news letter out to the fellows in the service next Wednesday, so if you know of anyone interested, drop me their address at 60 Thomson Road or in care of the SUN.

washing foliage.

FEEDING — African Violets should be fed once a month. An excellent way to feed is to put a half teaspoon of plant food in a quart of lukewarm water and use in watering the plants.

Since all of the plant food will not readily go into solution, shake or stir before watering each plant. Plant food in tablet form is used very successfully by many growers.

INSECTS — Occasionally mealy bugs will appear on African Violet plants. Mealy bugs look like specks of cotton and appear first on the base of the leaves.

Touch these specks with a piece of cotton that has been dipped in alcohol.

PROPAGATION—The plant is easily propagated from leaf cuttings, made in March, with a full length of the stem on each leaf.

Cut at the base of the stem with a sharp blade and insert stem in water or moist sand to a depth of one-half inch.

Old plants will last several years if they are divided in the fall before flowering. Knock out the root clump and cut into sections with a sharp knife. The small new plants or offsets will bloom successfully.

REPOTTING—African Violets do not require repotting as often as some other plants. When they are moved from one pot to another, the new pot should not be more than one inch larger than the old pot, and they should never be set deeper in the new pot than they were in the old one.

Deep planting will cause the plants to rot. Remove faded flowers and leaves from the crown, promptly and carefully. The following is a suitable potting mixture for African Violets:

One part sharp sand, two parts of loam soil, one part of leaf mold (or peat moss) and one level tablespoon of plant food per eight quarts of potting soil.

Do not place African Violets outdoors during the summer months, as this is their resting period. Such practice will affect the profusion of blooms the next winter.

Vets Are Using State GI Loans

More than 25,000 veterans of World War II have taken advantage of the low-interest "Cal-Vet" farm and home financing plan, and another 153,000 have established their eligibility for future participation, it has been reported by State Director of Veterans Affairs D. J. Callaghan, Jr.

World War II veterans, to whom the Farm and Home Purchase Program was opened in 1944, now outnumber the World War I veterans for whom it was originally established 29 years ago, Callaghan said.

NEW APPLICATIONS New applications to establish eligibility for the "Cal-Vet" program are coming in at the rate of about 2,000 a month, while only about 700 veterans a month are currently entering into contract for the purchase of property.

"Many veterans," Callaghan explained, "want to have their eligibility on record while they are looking for a permanent home for their family. The certificate of eligibility which the Department of Veterans Affairs issues has no expiration date."

Eligible and qualified veterans may be advanced up to \$7,500 on the purchase of a home or \$13,500 on a farm, provided the value of the property, as determined by the Department of Veterans Affairs appraisal, does not exceed \$10,000, in the case of a home or \$15,000 in the case of a farm.

To be eligible, a veteran must have been born in California or must have been a resident of this state at the time he entered military service.

Information and eligibility application forms are available from offices of the Department of Veterans Affairs in Los Angeles, San Francisco, Sacramento, San Diego, Long Beach, Oakland, Fresno, San Jose, Santa Barbara, San Bernardino or Bakersfield; or from county veterans service officers or directors of community veterans service centers.

Sez . . .**

NOW THAT the holidays are over and it is pretty nippy outside, what better time is there to start in with that long, put-off job of repainting the interior? Not only repainting, but your renovating that should be done.

Do it now to enjoy it this spring and summer. Diamond K has the full line of Pittsburgh paints and sundries. We carry Vintex wall textures and Rocktite stucco paint.

Speaking of Vintex, this is the answer to many of your renovating problems. It is a fine, textured plaster which may be applied to plaster, sheetrock or wall board. Many people have had excellent results by simply mixing it in a bucket and applying with a paint roller. This saves time and labor and also gives the textured surfaces that "professional" look.

IN OTHER INTERIOR FINISH lines, we carry Behr Raw-Hide red-wood finish, Redwood Rey and the complete line of Cabot Creosote stains and the Cabot Interior Stain Waxes.

Stop by and look over our color cards. It will surprise you what can be done around the house at a nominal cost. For just a few dollars you can convert that lost space into leisure space.

WE STILL HAVE plenty of oak and pine firewood and coal left for the cold weather to come, so don't be left out in the cold, order yours now—

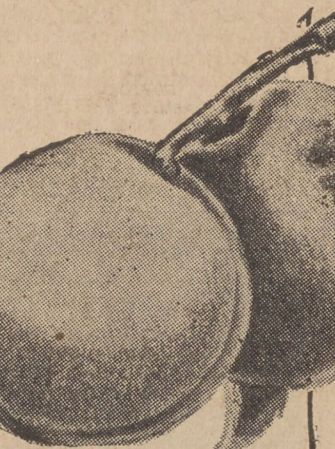

See you next week.

Bill Magrath

\$5 to Be Given For Best Garage Clearance Sale

Five dollars in cash will be awarded by the Shopping News and Suns to the resident holding the best "January Garage Clearance Sale."

The prize will be presented to a private individual (not a business firm) that offers through our classified ads the most items of merchandise during January. "Most items" means different items - not, for example, 100 chairs and 20 tables.

There is no entry application required. The judges, whose decision will be final, will simply check over the For Sale want ads during January.

Here's Your Chance; Clean Your Garage Turn Unneeded Items Into Cash With Our Garage Clearance Idea

Why not hold your own CLEARANCE SALE? This month our classified department will feature "garage clearance sales."

Traditionally, January is the month when stores check their stocks and conduct clearance sales. Too much of one item - sell them. Just a few of a line - clear them. Hard to sell merchandise - move them. January is clearance month.

Then, why not you, Mr. and Mrs. Homeowner? Go into your garage or storeroom. Look on the shelf in the back bedroom. Check those storage cabinets.

You probably have a dozen items that you no longer need but can fill the bill for someone else. THEN, PLACE A CLASSIFIED AD.

Desks, tables, lamps - all kinds of furniture. A bicycle or tricycle - long unused, but will make some other child happy.

Toaster or waffle iron - sell your old one since you received a new one for Christmas.

Appliances - refrigerators, stoves, washing machines. Baby furniture - bathinette, crib, high chair, play pen. Clothing - here's an untapped source of revenue. Try it.

Tools of all kinds. Camera equipment - more in demand than ever. Kitchen equipment - dishes, glassware, roasting pans, etc.

WELL, this could go on and on and on. But you get the idea. Turn those good items into good cash.

List your "sale items" on the classified blank below and send it or phone us. That's all you have to do. Let us do the rest of the work for you. Your ad will go to 20,000 homes - to some 67,000 people. They are your potential customers.

There is a reason why our classified columns carried twice as many ads last year than any other publication in the area. The reason is RESULTS.

So, do it today - do it now. January is the time for your "Garage Clearance Sale."

Kids No Problem at Community Church

"We want to go to church, but what can we do with the children?" is one of the most common questions that Orinda's parents ask of Rev. Fred Morrow.

The answer he always makes is that there is a place for them at Orinda Community Church.

Older boys and girls can understand most of the service with their parents, and younger ones are adequately cared for in the children's unit, where Mrs. J. J. McMillan

conducts a church-time hour for them.

There is even a play-pen for toddlers. Some parents bring folding buggies and leave their babies with Mrs. McMillan, he says.

Plans to be put into effect when the new building is completed call for a nursery with a full equipment of cribs and play-pens, so that parents can always attend worship.

Communion Service Sunday at Church

The quarterly Service of Communion will be held at Orinda Community Church Sunday morning at 11 o'clock. Members will be received and Rev. Fred Morrow will speak on the theme, "For Faithfulness, the Crown of Life."

Margaret Popovich will direct the choir, accompanied by Virginia Baker at the organ.

Worship and instruction for all ages from nursery through high school is scheduled at 9:30.

The Pilgrim Fellowship invites all high school young people to attend its regular meeting at 7 o'clock.

Orinda Pet Shop Opens Tomorrow

A new type addition to the Orinda Crossroads business section, The Orinda Pet Shop, will open tomorrow across from the new post-office.

Carl Schwedhelm, the owner, plans to carry pet foods and general pet supplies. Fresh horse meat will also be available every day.

The new shop will be open each day from 9 a.m. to 6 p.m., and will be open Sunday mornings as an added service to Orinda pet owners.

Carl is the brother of Bob Schwedhelm and brother-in-law of Jack and Chet Clark, all of Black's Market.

LEGAL NOTICE

Enjoy Piano Recital at Yule Party

The pupils of Mrs. Arthur Smith had a jolly Christmas party and a delightful piano recital recently at Mrs. Smith's home on El Caminito.

Those participating in the December 12 program of music were Thomas and Dianne Cravvott, Peter

er Stocker, Roger Stocker, Mrs. Ralph Stocker, Linda Baschen, Gail Tildsley, Beverly Bishop, Anne Creighton and Jeffrey Nicklas.

Refreshments and games concluded the happy evening.

Wm. Courtright Hosts at Party

Mr. and Mrs. William Courtright were hosts to 10 couples at their home last Saturday night. The guests' youngsters had a party, too, with Patty and Judy Courtright entertaining the children in the rumpus room.

Adults present were Mesdames and Messrs. C. Ron Anderson, T. Haydon Courtright, Frank Gruenfeldt, John Parker, Robert Clark, Fred Udall, W. Lancione, George Matey, Andrew Catherall and Major and Mrs. Peter English.

Youngsters to whom Patty and Judy were hostesses included Darrell Courtright, Lon and Steve Gruenfeldt, Judy Parker, Linda and Billy Lancione and Ginny and Bobbie Matey.

Teatro para Ninos Tomorrow

Resuming regular Saturday afternoon shows after the holidays, Teatro para Ninos at Orinda Grammar School auditorium will feature "Captain January" with Shirley Temple tomorrow.

The movie presentation for children, sponsored by the Orinda Mothers Club, is from 1 to 3 p.m.

General Guild's Meeting Tuesday

The General Guild will meet next Tuesday at Orinda Community Church at 12:30. As usual, coffee, tea and dessert will be served.

A large attendance is hoped for. There will be the installation of new officers by Fred Morrow.
